Three Counties have now censured Mitch McConnell

Chairs and Vice Chairs of County Republican Committees,

Just over a month ago I had emailed you to explain that the Jessamine County Republican Party had voted to censure Mitch McConnell for his support and VOTE FOR the Democrat authored, "Bipartisan Safer Communities Act". It is our hope that your County Committee would table this issue before your members and consider whether you too should take action on it.

Two other counties have now passed a similar censure resolution. You can find and read those censures here:

<http://jessaminevotes.com/censure/>

Passing such a resolution is one thing, making it public is another. If you have passed such a resolution I would ask that you share it with me and let me post it to that webpage. Once we hit a total of 5 resolutions on that page, it is my plan to do a followup press release to this one:

<http://www.prweb.com/releases/2022/7/prweb18803839.htm>

As I said in my previous email, " There are two issues of profound importance to most conservative Republicans: abortion and the second amendment". We believe that the Bipartisan Safer Communities Act is an assault on the 2nd amendment and for that reason deserves special attention.

If you have any questions or if I can be of any assistance do not hesitate to contact me.

Spoke to Darin who we have talked with before.

Apparently word got out that they were going to vote on a censure, which everyone agreed upon, but every politician including the non-partisan politicians (like the mayor) came out to their next meeting and begged, pleaded, cajoled, and argued that no such vote should be taken until AFTER the general election. The group then voted in the majority to table it until after the November election.

I told him to keep us advised.

Amber,

Thank you for that information.

YES, please send me that link when you have it BUT I would also really appreciate a copy of your censure document so that I can put it on our website and include it on the list.

One County Chair, after the first email, let me know that there was NO WAY he would offer that issue to his county for a vote. He thought no county had any business doing such a thing.

I am quite sure there are LOTS of county leaders who fully support Mitch even if they are in a car and he's getting ready to drive over a cliff.

That's why the rest of us need to let folks know that we are NOT happy when a Republican like Mitch goes off the rails.

I agree. But I think you would be surprised how many don't like Mitch but because of his money and power they stay quiet. Especially if they have political aspirations. Sometimes it just takes one or two people stepping out to instill a little bravery in the others.

It's a bit frustrating. I have ONLY seen 3 actual censure documents voted on by four Counties. Here they are.

<https://jessaminevotes.com/censure/>

If there are clothes, why would they NOT have been willing to publish their repudiation of McConnell?

I also think some of the censures go back to McConnell's speech about Trump after the 2nd impeachment acquittal. I was also VERY unhappy with that, but I don't think censuring the man for expressing an opinion is worth a formal censure. On the other hand, voting to support Red Flag laws is beyond the pale.
